## VISION

A thriving, vibrant, sustainable and successful tourism industry.

## MISSION

To grow the tourism industry for the Northwest Territories in order to support a strong and sustainable economy.

NWTT is always open to hearing from its membership about issues that affect tourism businesses and the tourism sector. We work with many partners to address industry issues and we advocate across the Northwest Territories.

Within the Northwest Territories some of our activities include meetings with the Department of Industry, Tourism and Investment, CanNor representatives, local chambers of commerces, and territorial and community government officials.

Also, working with our partners at the Tourism Industry Association of Canada (TIAC), Indigenous Tourism Association of Canada (ITAC), and our connection with our member of parliament, we advocate for the tourism industry at a national level.
